

ELECTROLINE®

QUICK CONNECT. STRONG SUPPORT.

ARCHITECTURAL

Turnbuckle Stud Assembly

Electroline's Architectural Turnbuckle Stud Assembly is used to tension the wire rope used in the railing. A swageless termination allows it to quickly be attached to the end of a wire, with the stud end anchored to a post. The body is rotated to tension the cable railing.

Available Products

Rope Size (In.)	Part No.	Dimensions (In.)			Takeup
		A	B	C	
3/16	CE-418	11/16	3-7/16	7/16	1-1/2
