

## Machined Carabiner Eye Socket Fitting for Kernmantle Rope

Electroline synthetic rope fittings for Kernmantle rope are supplied with the SAR1000 series internal plug. The sleeve has no exposed thread when assembled and is retained in the socket with a set screw. This fitting features an eye fitting and a swageless termination, allowing it to be installed in the field without special tools or processes.

- Available for ropes 3/8 to 5/8 in diameter.
- Machined from aluminum to provide lightweight strength.

### Specifications

Material	Aluminum
Termination Type	Swageless
Connector Type	Eye
